TALES FROM THE LEFT COAST: TRUE STORIES OF HOLLYWOOD'S STARS AND THEIR OUTRAGEOUS POLITICS

Prima Publishing, Westminster, Maryland, U.S.A., 2003. Hard Cover. Book Condition: New. Dust Jacket Condition: New. First Edition. Price clipped. It's common knowledge that Hollywood leans left. This peculiar phenomenon would not be all that important if it weren't for the fact that celebrity status has come to mean power. We're not talking about the kind of power that gets you out of a shoplifting fix or a cross-dressing jam. We're talking real political power. These days lots of stars try to use their status to mess with public policy. Never mind that Hollywood celebs often have no more training or expertise in the stuff they're promoting than the average John or Jane Q. What they do have is press coverage. That makes them influential. And they have star power. That makes them big draws for politicians who need to raise big bucks. In *Tales from the Left Coast*, author and political commentator James Hirszen aims his satirical squirt gun at Hollywood to expose celebrity "pundits" for what they really are: media circus hounds who can't tell populism from Bolshevism. A rollicking read full of hits and humor, *Tales from the Left Coast* uncovers many of the most ridiculous, infuriating, and outrageous political stunts pulled by celebrities of today and yesterday, and answers questions such as: Which star wanted to trade America's favorite "No-Spin"-meister for terrorist Osama bin Laden? Who in Hollywood publicly challenged the manhood of President George W. Bush? When did a Hollywood actress give up on pork because she was told that kids and pigs share something special? And many, many more tales that will leave you either laughing uncontrollably or steaming under the collar!.
