Excerpt: .The ring toss board should be made according to the following measurements: Base two feet square; five posts, one at each corner, eight inches in height, the centre post ten inches in height; five rings, eight inches in diameter, made from firm rope. For beginners chalk a starting line six feet from the board; as the children improve the distance may be increased. Children should be seated on small chairs in a half-circle. Place the board in the front of class, mark the starting line. Teacher will call upon the players one at a time, have them stand on the chalk line and throw rings in an effort to get them on the posts. Have one child pick up the scattered rings and return them to the players. OBJECT Visual training; motor control; voluntary action. OUTDOOR OBSERVATION While out walking with children use the...
