Gatwood Publishing, United States, 2015. Hardback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Every story has two sides. This one is no exception. This book tells the other side. This book is a story in three parts. Beginning almost a century before Traitors In Waiting, the first part chronicles the lives of Mars colonists who joined the rebellion to liberate Kinji, a colony of political prisoners. In the second part, when the newly formed government of Kinji is taken over by enemies from within, ECIA agent Carlie Sinclair must infiltrate Mikarta Central Intelligence (Kinji s capital city police force) with the aid of a Mars agent who is not what he seems to be. Finally, in the third part, as the events of Traitors in Waiting unfold, an elite team of CEA military scientists work in secret to develop a weapon that could end the war once and for all. or destroy humanity in the process. The rumbling slowly decreased and eventually subsided. Then, as quickly as they had begun, the sirens went silent. This is it, Marc said. This is how it begins. And silence still. Oh, yeah, he added. It s January 14th. Happy thirty-eighth birthday, Kurt. Yeah. Whatever. A few minutes passed in silence, and still they heard no signs of attack. When they walked down the hall and stepped out onto the balcony, they were greeted by a dark sky with no signs of any activity whatsoever except for the normal glow of the city lights in the distance. Where s the kaboom? Marc joked. There was supposed to be a Kinji-shattering kaboom. Time travel, portals, terrorist bombings, bioterror plots, murder, espionage, and attempted suicides are just the tip of the iceberg.
