Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 135 pages. In *Bamboo Bending*, distinguished teacher Morgan Zo Callahan weaves his multi-layered personal history into perceptive reflections on teaching, culture, and learning. His high-school and adult-school students motivated and pushed him to write this book, hoping that it would provide other students, teachers, and parents with encouragement and a direction for more effective and enjoyable scholarship. Morgan believes that by attentively sharing our stories and resources we can improve our schools and ourselves. Our minds and emotions must bend with flexibility, like a stalk of bamboo, to move the student-learner, whole and alive, toward maturity. Mixed with readings in educational literature, interviews with students and their parents, and anecdotes from the lives of his students, this mosaic of stories narrates Morgans own ups and downs in various educational and cultural playing fields, which map a journey into adult life. With a seemingly bottomless appetite for knowledge, the author touches on high-school and adult education, teenagers, Special Education, Chinese culture, Latin American life, Buddhism, neuroscience, child prodigies, beauty in nature, the Black Madonna the hospice movement, Alzheimers, friends who have enlightened him, dysfunctional families, the worlds poor, Einsteins wisdom, and his anguish over his mothers struggle with death, He reflects on Tiger Moms, sleep, volunteerism, missed opportunities, pranking, neurobics, Fellinis La Strada, Matthew Shepard, the diminishment caused by rape and racial disparagement, and Rod Serlings The Twilight Zone. He is always learning, interpreting, and affirming the talents, positive growth, and enthusiasm of his students. That is how his own journey is defined. *Bamboo Bending* combines a personal journey of discovery with astute, well-documented suggestions for a more effective and holistic education system. Filled with interviews and anecdotes from his years of teaching and supported by research in psychology, neuroscience,...
