THE CAREER JOURNEY: A BOOK ON CAREER MANAGEMENT (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book ***** Print on Demand *****.A vast majority of professionals enter the corporate world with absolutely no vision or plan with respect to managing their careers. Many leave their careers on cruise control and make the incorrect assumption that career growth will automatically happen with the passage of time. The few who do realize the importance of actively managing their careers do not specifically know what needs to be done, by when it should be done and how it should be done. Should I consider pursuing a Master s degree or not? Which school should I pursue my education at? What is the true value of an education in a corporate setting? How long should I stay with my current employer or current role? What truly matters once I am in an organization? What should I do to be seen as a leader? How should I manage my image as a brand ? What are some...
